

Interchangeability

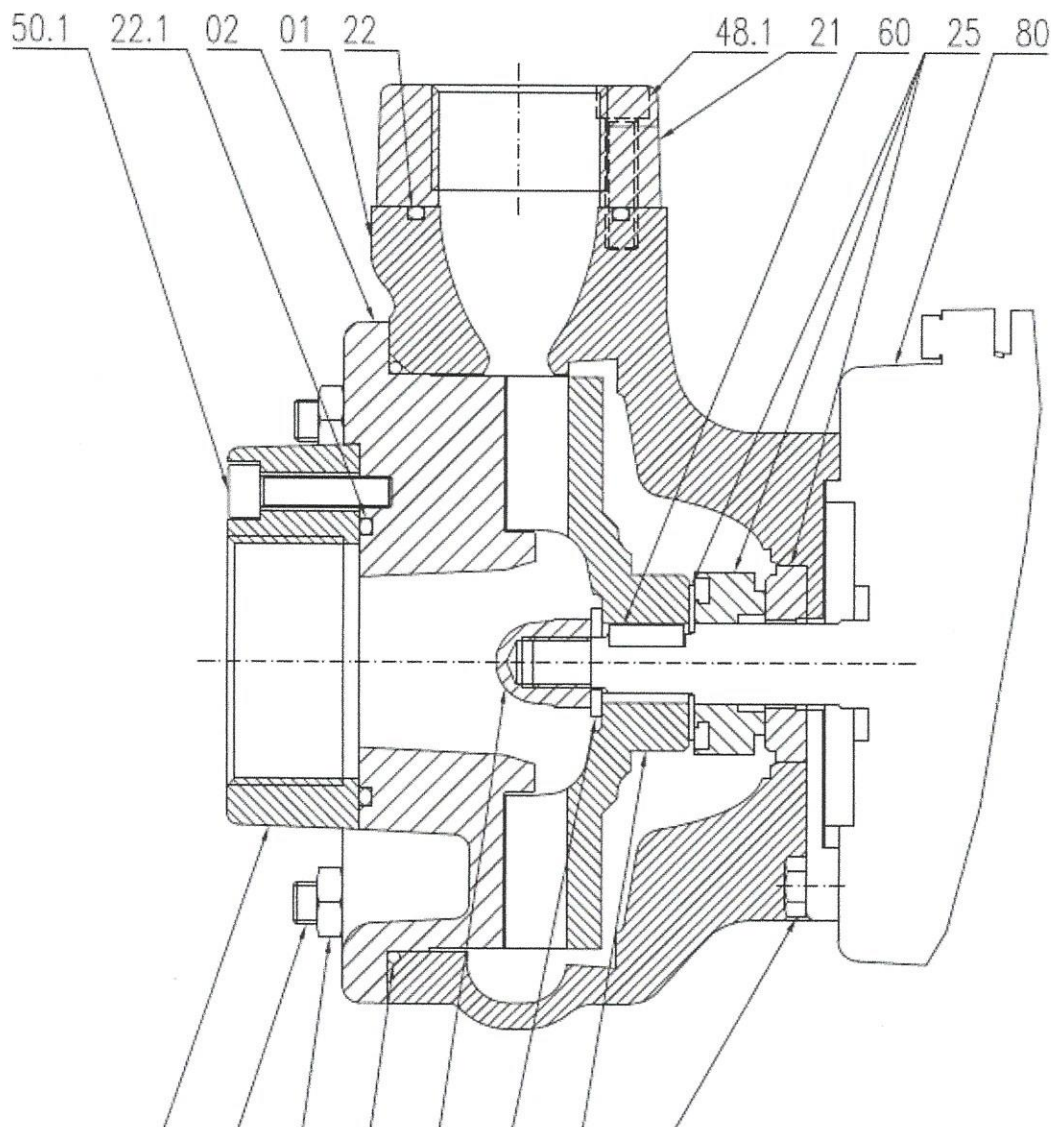

The C30 pump is totally interchangeable with the previous model CT075, since the hydraulic performance and the geometric features of the two pumps coincide.

SPARE PARTS

After Sales Service

The management of the guarantee and spare parts is easily traceable through identification of the serial number of the treatment plant. The Test Report annexed with the plant manual shows all the informations necessary for the pump identification.

Spare Parts List

POS.	INCLUDED ITEMS	Part Nr.	Q.ty	Description
	22,22.1,43	328985	1	Seal Set C30, N
01	47	320300	1	Pump body C30, BA(B)
